

Economic home

Save Current save money!

How We can save
Current? 😊

Examples:

- Use small appliances eg. griller, crockpot, wok, etc for appropriate foods
- Don't boil water on a hotplate - use an electric kettle
- Don't leave heating or cooling appliances on when rooms are unoccupied
- Lights off if you leave the room
- Buy bulbs, which derive less-current
- Disconner devices, after use their

How is in my house?

In my house, mother pays about 160 pln every two Moths . We try to use little current.
Everyone should try to use little current!

Saving Current doesn't just save money only, it also saves You and Your Environment 😊

Reducing home water- use

How we can save water?

1. Take shorter showers, thanks for that, you reducing water
2. Turn off the water after you wet your toothbrush
3. Use your dishwasher and clothes washer for only full loads
4. Don't run the hose while washing your car
 - Use a broom, not a hose, to clean driveways and sidewalks ;)

5. Don't pour water for full in the tub. Take a shower
